

Q.I. PRESS CONTROLS INDIA OPENS SECOND OFFICE

Q. I. Press Controls India is proud to announce the opening of their second office. The new office is located in Bangalore. The number of existing customers and the expected further growth in the South of India have made the organisation decide to open an additional office in this area for a better local approach in sales and service.

Mr. Ravi Divyanathan has been added to the team. In the position of Business Development Manager he will be working the South Indian market from the Bangalore office. "Ravi is a very enthusiastic person and has ample experience in developing new markets and investigating the needs of specific markets," states Mr. Vijay Pandya, Managing Director of Q.I. Press Controls India.

Ravi Divyanathan has a diploma in Engineering and has about 15 years experience in the Sales and Marketing of Capital Equipments / Machinery. Some of the companies whom he worked with during the past years are Expert Industries, Servall Group, BOBST India etc. He has also represented a company wherein he had the opportunity to work with major paper mills in South India.

"Having had a good exposure to different markets in India especially in the South and now using these experiences in meeting the customers' needs and requirements in the pre-press, press and post-press areas is what challenges me in my new position. I am looking forward to build new business relationships and selling Q.I. Press Controls' solutions in South India," says Ravi Divyanathan.

Ravi Divyanathan, Business Development Manager Q.I. Press Controls India (Bangalore), responsible for the South Indian printing market
